

IyaSchool Online Platform

**An Online Management Platform for Primary
& Secondary Schools**

April 2017

IyaSchool Overview

- An Online school management platform, for primary & secondary schools
- Convenient access anywhere any time, via desktop, tablet or mobile phone
- Quick access to school info, staff, student, class details & other records
- Staff, guardian and student user access
- Job title based access permissions for staff
- Student **attendance** management
- Class **timetables**/routines
- **Exams**/Performance management
- Messaging and notification to staff, guardians and students
- Reports - attendance and exam results
- A product of Masi Tradelane, a Zambian registered company

Technology & Key Benefits

Technology

- User-friendly, professional application designed with state of art technologies
- Robust, feature-rich, easy to use application
- Software As A Service (SaaS)
 - ✓ Hosted on the cloud. No client servers, IT support required
 - ✓ Zero capital costs

Benefits

- *Convenient and efficient way* to maintain and retrieve school records
- *Secure* – adding and changing records can only be done by logged in users with sufficient permissions
- *User control* and flexibility – can amend content, based on user permissions
 - ✓ Restricted viewing: public users can only view general details
- Robust *search functionality* for different kinds of school info
- *A cost effective solution*
- *Feature enhancements*, without service disruption

Key Features, cont...

Programs / Departments/ Subjects / Levels

- View/edit all departments at school
- View/edit all academic programs offered by school
- View/edit all grades / levels offered by school
- View/edit all subjects / courses offered by school

Classes / Streams

- Create/edit classes
- Add courses to each class
- Create new streams (at beginning of academic year)

Key Features, cont...

Staff

- Admins enter/edit job titles details
- Admins create/edit staff records - set job title (determines access privileges)
- Admins assign courses to staff

Students / Guardians

- Admin enters/edits student/guardian details
- Batch file upload of student list
- List students by class/grade
- Guardians can be attached to one or more students

Key Features, cont...

Class Timetables & Attendance

- View class timetables for each class
- Teacher can enter/edit student attendance by class
- View class attendance report for a period
- Guardians & students can view student report

Exams / Performance Mgt

- Teachers can set exams
- Enter/edit marks rapidly for each exam and class
- Set Exam Schedule
- Guardians & students can view, only their own results
- Customise Score Rating Chart for each level
- Download results in csv / pdf (later)

Reports

- Student performance reports
- Student attendance reports
- Students and guardians can view their respective reports
- Class teachers create/edit reports for respective classes

Key Features, cont...

School Calendar

- View academic year / term or semester cycle
- View/edit school holidays
- View/edit school events

Notices & Messages

- Can send batch emails to all/select parents, teachers, students
- Students & parents can view notices, receive messages

User Management & Permissions

- IyaSchool uses a mix of group-based permissions and object owner permissions
- Staff user access privileges based on job title
- 'Admin' groups have permission to create users (groups: 'school_administrators', 'head_teachers', 'deputy_heads')
- Users linked to profiles (i.e. staff, student, guardian profiles)
- Students and guardians have limited view only access for the most part.
- User activation via email confirmation
- Students/guardians can edit own access credentials, change password

Future Enhancements

- Library Management
- Student Hostel Mgt
- Email Notifications
- Transport System
- Payments module for school fee records
- More reports based on school requirements, e.g.
 - Performance trend graphs plus other metrics
- Pdf downloads
- SMS Notifications
- Plus more...

Future Enhancements

- Library Management
- Student Hostel Mgt
- Transport System
- Payments module for school fee records
- More reports based on school requirements, e.g.
 - Performance trend graphs plus other metrics
- Pdf downloads
- Plus more...

How to subscribe

- * Select Product Plan, Request for Implementation & Execute Agreement
 - * System setup, based on info supplied by school.
 - * Training for users (minimum 1 user required).
 - * Start enjoying use of **IyaSchool** platform
-
- * NB.
 - Use requires a computer and internet access.
 - Setup done within 72hrs of agreement sign-off.

Customer Support

- * Support team will provide training and after sales support.
- * Each client will be allocated a Client Services Manager.
- * Our support team can be reached via the site 'support' page, by phone or email.
- * info@iyaschool.com

Product Plans

Different plans based on school size

Plan C	Plan B	Plan A
<ul style="list-style-type: none">• School size < 500<ul style="list-style-type: none">• Monthly subscription: TBA	<ul style="list-style-type: none">• School size >= 500 < 1000<ul style="list-style-type: none">• Monthly subscription: TBA	<ul style="list-style-type: none">• School size >= 1000<ul style="list-style-type: none">• Monthly subscription: TBA

Notes

- Fees include hosting, site maintenance, online/phone/email support
- Fees payable in advance, on monthly or quarterly basis
- One off implementation fee
- Annual contract, auto-renewable, will be executed
